TKR CHRISTMAS CHARITY ...

Every Christmas TKR choose a charity to help. This year is no exception. Our chosen charity is Cheltenham Open Door. Here is a little taster of their services:

Originally founded in 1992 as Open Door at Christmas, they gradually expanded and developed their work, taking the new name of Cheltenham Open Door and becoming both a registered charity and limited company. Cheltenham Open Door have been operating from Grosvenor Street, Cheltenham since 1998.

Cheltenham Open Door supports vulnerable, disadvantaged and lonely people. They work to relieve poverty, hardship and social or emotional distress. Their guests are men and women who have been deprived of the comforts and security most of us take for granted and offer them hospitality, warmth, food and somewhere to relax.

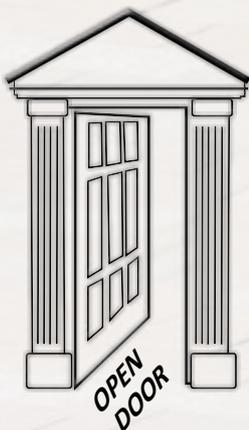

Some guests have lost their jobs through injury or sickness and are unable to work again. Some manage to read and write with great difficulty.

Some are coping with mental health issues. Some are in a programme to try to get off alcohol or drugs. The majority of their guests come from broken homes, were in care as children or have experienced broken relationships. Some are sleeping rough or are among the hidden homeless in a temporary hostel or sleeping on a friend's floor.

The great thing is, Cheltenham Open Door do not judge and make no charge for any of their services.

Taking all of the above into account, myself and the TKR team have decided that Cheltenham Open Door is our chosen charity this year.

Cheltenham Open Door are always grateful for any donations, food, money or otherwise. They are always looking for volunteers, especially around the festive period.

FESTIVE WORDS FROM TIM...

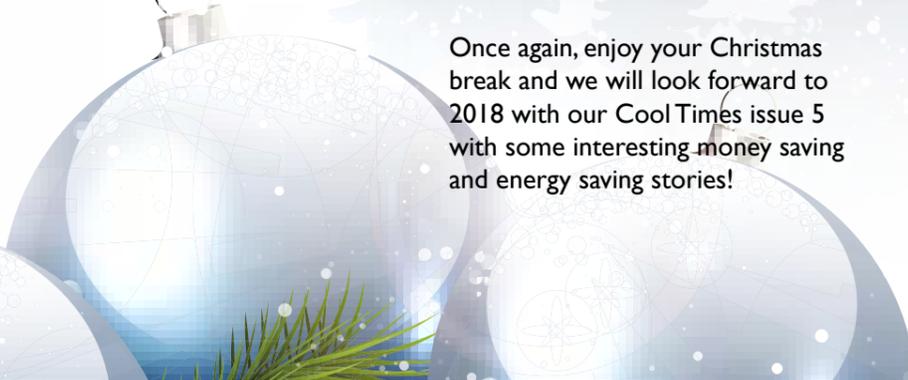

It is unbelievable that Christmas is nearly upon us again. If you are anything like me, 2017 has just seemed to vanish!

Carrying on from the front cover, this year TKR are not sending out Christmas Cards ... we have opted to make a donation to Cheltenham Open Door instead.

So with that in mind, I wanted to take the opportunity to thank all our clients for their custom and to wish them and their families a very Merry Christmas and a Happy & Healthy New Year.

Enjoy our Christmas photos of the TKR team ... you will see, we like to get into the spirit of things!

Once again, enjoy your Christmas break and we will look forward to 2018 with our Cool Times issue 5 with some interesting money saving and energy saving stories!

There's never a dull moment at TKR's Secret Santa or Christmas Party... Take a look at the snaps below of us last year! Just how are we going to top it this year! ...

LATEST PUPDATE

We could not miss the opportunity of bringing you the latest news of Mandy's delightful puppy, Kavik.

He especially likes being driven to spots for adventurous walks, it seems, but can get a little over excited. Mandy explains one recent incident:

"After one of our walks we got back in the car and I started to drive home but the car wouldn't go any faster than 15 mph! In his rush to get out of the car for his walk Kavik had activated the speed limiter and as I was in my son's car I had no idea how to cancel it. I had to drive 7 miles home with the hazard lights flashing and waving other drivers to overtake me."

We asked Mandy how his training sessions were working out.

"Training is still ongoing but he will only do things when he feels like it so it's a battle of wills, very much like when my children were teenagers."

What will he be like if we get any snow during the winter months? We are looking forward to the photos already!

TKR CHRISTMAS HOURS

23rd - 26th December

Strictly emergency service only 07836 590162

27th - 29th December

09.00 to 14.00 available at office 01452 739483

- ▶ We're not the Bad Guys!

KIND COMMENTS...

“I have used TK Refrigeration for many years and they look after the refrigeration equipment I use in my catering business. They respond quickly when I need them and are also at the end of the phone should I have any queries. I have also bought new equipment from them and recently they were extremely helpful in finding a fridge to my exact specifications. I find them very approachable and they are always happy to assist, be it the engineers or the office staff.”
